While there is no such thing as a “perfect” dog, it’s nice to have one you enjoy spending time with! Work with your dog to understand their behaviors and set realistic goals that suit your needs. More than just “sit” & “down”, learn the fundamentals of leadership and obedience. Help set the foundation for training a well balanced dog that can be a happy, healthy part of your life.

No two dogs are the same; therefore no two classes will be the same. Sadie’s Instructors work to tailor each class to the needs of the students.
